Meeting Details

Meetings Open to All

The Joint Programme Calendar covers evening meetings, conference, seminars and social events. It should be stressed that you are welcome to attend any of the events listed irrespective of whether you are a member of that organisation including corporate members and non-corporate members of the institutions. Members and guests are asked to confirm to the honorary secretary, or organiser, of their intention to attend a meeting.

Dates & time

ICE meetings are usually 6pm for 6.30pm unless noted otherwise. All meetings of the Geological Society commence at 7pm.

Meeting venues and location

For details on how to find the venues listed, type postcodes into www.multimap.com or www.google.co.uk/maps

Liability for accidents during site visits

Organisers of events listed here accept no liability for any injury, loss or inconvenience to anyone who takes part.

ICE regional event information

ICE Members can receive up to date regional news and events via e-mail when they register at MyICE at www.ice.org.uk

Electronic copies

Are available in a PDF format to download from www.ice.org.uk/eastmidlands

Whilst every effort has been made to ensure the accuracy of the information contained in this calendar, events sometimes have to be rescheduled and to that end, please check with the organisers via their websites to confirm there have been no late changes to the event or venue.

Welcome

Welcome to the 2011/12 Joint Programme Calendar

In the pages following, you will find details of the programme of events for the next 12 months in the East Midlands region.

All of the organisations listed place a great emphasis and value on your continuing support. In addition to building the standing of your organisation, attendance at branch meetings and seminars can count towards Continuing Professional Development (CPD). One definition of CPD is “The systematic maintenance, improvement and broadening of knowledge and skills, and the development of personal qualities necessary for the execution of professional and technical duties throughout your working life”.

In addition to the single group events, there are a wide range of joint and co-sponsored events listed in this year’s calendar. This collaboration of engineering professionals and organisations is an important element of raising the engineering sector’s profile.

Most meetings are free of charge unless otherwise indicated. Your feedback on the diary of events offered is welcomed by all of the organisations listed. If you have any suggestions for future events, please contact the relevant members listed on the committee pages.

We would like to thank all of the speakers listed in this programme for their ongoing commitment to promoting engineering knowledge.

ICE Membership Surgeries

ICE East Midlands run membership surgeries on a monthly basis around the region.

Individual forty five minute meetings provide ICE Membership with information and advice about routes to membership, application procedures and membership issues in general.

Please see www.ice.org.uk/eastmidlands for details of the latest surgeries.

ICE East Midlands Gala Dinner and Annual Awards

Friday 20th April 2012
The Nottingham Belfry Hotel

The event is established as one of the key events in the civil engineering calendar.

ICE President Richard Coackley will address the gathering followed by a top-quality three course meal and the East Midlands Merit Awards (EMMAs) and after dinner entertainment.

The event brings together ICE members, industry professionals and key regional influencers and offers excellent networking opportunities.

Please contact

Fiona Turner

Regional Coordinator

Email: fiona.turner@ice.org.uk

Thomas Telford Training 'TTT' is a wholly owned subsidiary of the ICE.

TTT is the leading provider of professional training to the UK civil engineering industry offering over three hundred continuing professional development courses. Whatever the stage of your career, TTT can help you to broaden your knowledge base and progress professionally through our public and in-house portfolio.

www.tttrain.co.uk

The East Midlands Engineering and Science Professionals (East Midlands ESP) provides a voice on the common issues for the engineering and science professions in the East Midlands.

The EMESP works through partnerships to promote engineering & science and raise their profile. It works to make people much more aware and appreciative of the vital contribution to the economy, prosperity and quality of life in our region that engineering and science make and that they are an exciting, rewarding and fun career for young men and women who seek opportunities at the highest levels anywhere in the world.

For more information on the EMESP please visit
www.emesp.org.uk

Integrated solutions to complex challenges.

Scott Wilson is now part of URS Corporation. With our combined strength, resources and geographical footprint, URS Scott Wilson is a leading provider of engineering, construction and technical services for public agencies and private sector companies around the world. Our talented staff combine local knowledge with international expertise to deliver safe, reliable, cost-effective, sustainable and award winning projects, such as the A46 Newark to Widmerpool Improvement, which meet and often exceed our Clients' expectations.
