

# The Richard Carter Prize

## Geospatial Engineer of the year award

**Nominations now open for 2010**

visit [www.cices.org/awards](http://www.cices.org/awards)

The award

- 🌀 Cheque for £500
- 🌀 Commemorative certificate
- 🌀 Richard Carter Prize will be presented to the winner at the institution dinner on 24 September 2010 onboard IK Brunel's ss Great Britain, Bristol.

*(includes accommodation and dinner costs)*

Presented by

**Chartered Institution of CIVIL ENGINEERING SURVEYORS**

### Nomination Procedures

Closing date for nominations is 30 June 2010. The winner will be announced on 1 September 2010.

Visit the website for full details

# Richard Carter Prize

# Geospatial Engineer of the Year

# 2010

Presented by the Chartered Institution of CIVIL ENGINEERING SURVEYORS

## THE PRIZE

The Richard Carter Prize is presented to a geospatial engineer who is judged to have made an outstanding contribution to the civil engineering surveying industry, either individually or through team leadership. This biennial award is designed to encourage applicants from all backgrounds and is not restricted solely to members of ICES. The prize will be awarded at the institution dinner onboard the ss Great Britain, Bristol on 24 September 2010.

**£500**  
**Plus certificate**

## THE CANDIDATE

A candidate will have, within two years prior to the closing date, made an outstanding contribution in any of the following ways:

Worked in a senior position with the responsibility for coordinating all aspects of surveying and/or setting-out on a major project.

Worked on a high profile construction project.

Have been involved in developing new methods and techniques.

Contributed to academic research that will have a significant impact on the future of surveying.

Have made a lifetime contribution to the profession.

## ELIGIBILITY

The prize is open to any person employed in any of the following specialisms:

Land and engineering surveying (preparing maps and plans to ensure that construction takes place to the dimensions and tolerances required).

Hydrographic surveying (measuring and mapping all parts of the earth's surface that are covered by water).

Photogrammetry and remote sensing — producing an area plan from photographic images and using electromagnetic energy to obtain information about objects without touching them.

Geographic information systems — GIS (collecting and presenting geographical information).

Cartography/visualisation (creating 2D or 3D maps and plans).

## CANDIDATE NOMINATIONS

A candidate must be nominated by either:

Their employer.

A Member/Fellow of the Chartered Institution of Civil Engineering Surveyors or a full member of another professional organisation, as approved by the ICES.

A colleague working in a senior position in the same or similar organisation as that of the candidate.

The person nominating must complete the nomination form providing the following information concerning the nominee:

- Name
- Job title
- Areas of responsibility
- Company name
- Nature of project
- Area(s) of expertise, i.e. geospatial engineering discipline(s)
- Reason for nomination
- Candidate's curriculum vitae

## CANDIDATE SELECTION CRITERIA

### The Selection Panel

The selection panel is composed of senior members of the institution who specialise in the field of geospatial engineering. The Geospatial Engineer Award selection process is organised by the institution's Geospatial Engineering Practices Committee (GEPC).

### The Selection Criteria

The selection panel will judge the nominations based on the following criteria:

- (a) The nature of the work, i.e. practical project, research or academic.
- (b) The candidate's personal contribution to the work i.e. technical innovation, general management, project planning and academic research.
- (c) The value of the candidate's contribution to the project and/or the profession.

## PRESENTATION OF THE AWARD

All nominees will be notified in writing by the institution concerning the outcome of their nomination.

The winning candidate will be notified by the institution by Friday 27 August 2010 at noon and an official announcement will be made on Wednesday 1 September 2010 on the institution's website and in the members newsletter.

The winner will be invited to receive a cheque for £500 and a certificate to commemorate the achievement from the institution's president at a dinner to be held on the ss Great Britain, Bristol on 24 September 2010 (accommodation and dinner costs included).

Notification of this will follow in an edition of *Civil Engineering Surveyor*.
