

Commercial QS Specialism (July 17)

QUANTITY SURVEYING SPECIALIST COMPETENCIES 2017

The quantity surveying competencies are split into core and specialist competencies.

OPTIMUM STANDARDS

Each of the activities under the competencies must be signed-off to a specific standard, indicated by one of the letters A, K, E or B. The definitions of these are given below.

A	Appreciation	A general awareness of the activity is required. This could be acquired by reading a magazine article or attending a CPD event.
K	Knowledge	This standard requires a more detailed level of knowledge understanding of the activity. This could be acquired by undertaking a training course or other type of study but not necessarily put into practice. E.g. a subject area on a degree course.
E	Experience	To reach this standard the activity must have been performed independently or under supervision. This may be achieved by undertaking the activity in a work context over a period of time. Experience of the activity or subject should follow on and be additional to appreciation and knowledge in that subject area.
B	Ability	To be able, without supervision, to perform relevant functions and be able to supervise other less experienced staff. This may be evidenced by the undertaking of management roles or experience gained over time.

Technical Member level - the applicant must achieve a minimum average standard K across all core and specialism activities. In addition, **a minimum of 5 activities must be assessed at level E, and up to 5 activities may be assessed at level A.** There are no restrictions within this as to the particular choice of activities.

Member level – the optimum standard is given against each activity statement.

Name of Supervisor	Name of Applicant
Supervisor's signature	Date

Commercial QS Specialism (July 17)

Name of Supervisor	Name of Applicant
Supervisor's signature	Date

Commercial QS Specialism (July 17)

Commercial QS Spec 01	Competency		Cost planning and pre-contract cost control				
	Optimum		Activity Detail	Date of Assessment			
	Technical	Member		A	K	E	B
A	K	K	Possess a knowledge of the elements present in a project budget at pre-contract phase.				
B	K	K	Have knowledge of the development of a cost plan or spread of a tender budget along with identification of cost drivers for civil engineering works				
C	K	K	Understand various civil engineering design options covering Employer/Consultant design, innovation and Contractor design and construct.				
D	K	E	Analyse and compare contract and subcontract tenders and tender budget information				
E	K	K	Knowledge of various scheme funding options and corporate governance applied by stakeholders				

Name of Supervisor	Name of Applicant
Supervisor's signature	Date

Commercial QS Specialism (July 17)

Commercial QS Spec 02	Competency		Project/commercial management reporting, internal accounts and company accounts				
	Optimum		Activity Detail	Date of Assessment			
	Technical	Member		A	K	E	B
A	K	B	Assessment of financial performance through applying the quantity of work completed to arrive at cost and value reconciliation reporting				
B	K	E	Involvement in and understanding of the production of project trading accounts/reports illustrating profit/loss, overhead cost recovery and financial outturn forecasts for management purposes and their impact on company objectives.				
C	K	K	Understand the basics of company accounts, including turnover, profit/loss, work in hand and cash-flow				
D	K	E	Identify and interpret Key Performance and Result Measures				

Name of Supervisor	Name of Applicant
Supervisor's signature	Date

Commercial QS Specialism (July 17)

Commercial QS Spec 03	Competency		Recording works progress and determining/evaluating the effects of delay, prolongation and disruption				
	Optimum		Activity Detail	Date of Assessment			
	Technical	Member		A	K	E	B
A	K	B	Ability to devise, maintain and audit suitable contemporary records of work progress				
B	K	E	Evaluation of recorded work through applying relevant financial assessment methods				
C	K	K	Understand the causes of delay and their critical and non-critical effects on project completion and entitlement to extensions of time				
D	K	K	Understand the effects of disruption on resources and progress, and methods of demonstrating disruption effects				
E	K	E	Apply a range of valuation techniques to items of change, and understand the relative strengths and weaknesses of those techniques
