- 🌀 ICES is recognised as a leading chartered professional body for quantity surveyors working in the civil engineering industry.
- 🌀 ICES has relevant and meaningful competencies for quantity surveyors and commercial managers.
- 🌀 ICES supports you and your company in developing and demonstrating your professional competence.
- 🌀 ICES is flexible in its approach, offering both technical and professional routes.

TRAINING 🌀 **MENTORING** 🌀 **COMPETENCIES** 🌀 **APPRAISAL** 🌀 **FEEDBACK**

Quantity Surveying

ICES offers membership at graduate, affiliate, technical member, member and fellow level for quantity surveyors.

Benefits include:

- 🌀 A recognised qualification from a chartered professional body.
- 🌀 Flexible routes for those with a range of prior qualifications.
- 🌀 Mature entry routes available for technical members, members and fellows.
- 🌀 Ten copies per year of the ICES journal, Civil Engineering Surveyor.
- 🌀 The monthly ICES eNewsletter.
- 🌀 Access to ICES regional events.

What you need to do:

- 🌀 Look at the ICES website and read the Quick Guides for each grade of membership.
- 🌀 Consult the Guide to Membership (available online or on request from membership@cices.org).
- 🌀 Speak to a member of ICES staff if you have any questions.

A focused, respected, qualification

For details of how to apply, download the Quick Guides from www.cices.org/downloads.html
